Cape Town

YOUR DEVELOPMENT SET UP

TEXT EDITOR, BROWSER, TERMINAL

A screenshot of a text editor window titled "C:\U\chromium\src\app\animation_container.cc - Sublime Text 2". The editor shows C++ code for an animation container. The code includes headers, using statements, and function definitions. A sidebar on the right shows a file explorer with files like "animation_container.h", "animation_container.cc", "animation_unittest.cc", "linear_animation.cc", "multi_animation.cc", "slide_animation.cc", and "throb_animation.cc". The main editor area shows the content of "animation_container.cc" with line numbers 1 through 42.

A screenshot of a terminal window titled "2. steve@Steves-MacBook-Pro: ~/Dropbox/railsbridge/docs (zsh)". The terminal shows the output of the command "git status". The output indicates that the user is on the "master" branch and that there are no changes staged for commit. The terminal text is as follows:

```
→ docs git:(master) X git status
# On branch master
# Changes not staged for commit:
#   (use "git add <file>..." to update what will be committed)
#   (use "git checkout -- <file>..." to discard changes in working directory)
#
#       modified:   sites/workshop/overview.deck.md
#
no changes added to commit (use "git add" and/or "git commit -a")
zsh: command not found: svn_prompt_info
→ docs git:(master) X
```

Why are we here?

DIVERSITY IN CAPE TOWN TECH
PROGRAMMING SKILLS: USEFUL,
EMPOWERING, FUN
